

HostTab

For short-stay hosts in Kenya

Keep tabs on every stay.

Bookings, M-Pesa payments and cleaners in one app

Record bookings and M-Pesa payments on your phone, send check-outs to your cleaner, and always know who still owes and what you keep. There is nothing to download from an app store: open HostTab in your phone's browser and add it to your home screen. It works without signal.

7 DAYS FREE

Every feature included. No card needed. Then from KSH 750 a month.

PASSES, PAID BY M-PESA

NOTHING RENEWS BY ITSELF

30 days	KSH 1,000 a month	KSH 1,000
90 days	KSH 900 a month	KSH 2,700
180 days	about KSH 833 a month	KSH 5,000
365 days (best value)	KSH 750 a month	KSH 9,000

More than one property? Each extra one is added for the same dates as your pass, at KSH 600 per 30 days for the 2nd property, down to KSH 300 for the 11th property onwards. A longer pass gives them the same discount as the pass, and extra properties are free during the trial.

Prices in Kenya shillings, as shown at hosttab.co.ke and in the app. HostTab started as the record book for our own short-stay apartments in Nairobi, and we still run them on it.
